Coalition Calls on Mayor to Reopen Klingle Road Access as he Fights for Street Openings Around Federal Buildings

The Coalition to Repair and Reopen Klingle Road applauds the strong stance of Mayor Williams against recent DC street closures. The Mayor is right to oppose the closing of any streets -- it creates problems, and does not solve problems.

The Mayor is doing all he can to keep open every square inch of roadway in and around Federal buildings and fighting to not close arteries that support commerce and traffic.

We urge the Mayor to take the same approach regarding our neighborhood streets. Access to our neighborhoods is as important as access to our Federal buildings. The Mayor needs to be fighting for our neighborhood streets as he does for our streets that are Federally surrounded.

The Coalition hopes that the Mayor will fight just as vigorously to reopen Klingle Road, and prevent special interests from usurping this important and historic public thoroughfare.
